REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors
Clearwater Cay Community Development District
Clearwater, Florida

Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities and each major fund of Clearwater Cay Community Development District (the "District"), as of and for the year ended September 30, 2022, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Basis for Disclaimer of Opinion on Governmental Activities and Debt Service Fund

The District exchanged unimproved land for the cancellation of debt in fiscal year 2015. The land value was reduced by \$2,115,000 as a result of this exchange; however, the District is not able to support how that value was determined. In addition, the District is not able to support the value for land, \$27,014,798, as well as the overall values recorded for capital assets.

The District did not provide adequate support documentation for certain expenditures recorded in the Debt Service Fund. Also, due to litigation related to debt assessment methodology and disagreements between the Bondholders, the Trustee and the District we are unable to verify how the assessments collected will be applied to principal and interest and the accrued interest on the bonds outstanding as of September 30, 2022.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion on Governmental Activities and Debt Service Fund paragraph above, we are unable to express an opinion on the financial statements of the Governmental Activities and Debt Service Fund as of and for the year ended September 30, 2022.

To the Board of Supervisors
Clearwater Cay Community Development District

Unmodified Opinion

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the General and Capital Projects Fund of Clearwater Cay Community Development District as of September 30, 2022, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in the notes to financial statements, the District is in default on the Capital Improvement Revenue Bonds, Series 2006A. Additionally, as discussed in the notes to financial statements, the District is involved in litigation related to debt service assessments and other matters. On February 21, 2020, the District received a letter from the Trustee claiming extraordinary legal fees and expenses of \$184,532. The District is disputing the expenses and has not recorded the amount in the accompanying financial statements.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including currently known information that may raise substantial doubt thereafter.

To the Board of Supervisors
Clearwater Cay Community Development District

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

To the Board of Supervisors
Clearwater Cay Community Development District

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 21, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Clearwater Cay Community Development District's internal control over financial reporting and compliance.

Clearwater Cay Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2022

Management's discussion and analysis of Clearwater Cay Community Development District (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to financial statements*. The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position is reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment and debt service

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

**Clearwater Cay Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2022**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues, expenditures and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The *government-wide financial statements* and the *fund financial statements* provide different pictures of the District. The *government-wide financial statements* provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds are included. The **statement of activities** includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. To provide a link from the *fund financial statements* to the *government-wide financial statements*, reconciliations are provided from the *fund financial statements* to the *government-wide financial statements*.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the *notes to financial statements*.

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2022.

- ◆ The District's total assets exceeded total liabilities by \$15,170,353 (net position). Net investment in capital assets was \$14,451,122 and restricted net position was \$741,278. Unrestricted net position was \$(22,047).
- ◆ Governmental activities revenues totaled \$609,764 while governmental activities expenses totaled \$2,350,754.

For the Year Ended September 30, 2022**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Financial Analysis of the District

The following schedule provides a summary of the assets, liabilities and net position of the District and is presented by category for comparison purposes.

Net Position

	Governmental Activities	
	<u>2022</u>	<u>2021</u>
Current assets	\$ 119,244	\$ 244,667
Restricted assets	1,200,483	2,458,608
Capital assets	<u>27,812,392</u>	<u>28,150,039</u>
Total Assets	<u>29,132,119</u>	<u>30,853,314</u>
Current liabilities	141,196	127,041
Non-current liabilities	<u>13,820,570</u>	<u>13,814,930</u>
Total Liabilities	<u>13,961,766</u>	<u>13,941,971</u>
Net Position		
Net investment in capital assets	14,451,122	14,793,636
Restricted	741,278	2,098,034
Unrestricted	<u>(22,047)</u>	<u>19,673</u>
Total Net Position	<u>\$ 15,170,353</u>	<u>\$ 16,911,343</u>

The decrease in current assets was related to expenditures exceeding revenues and the change in due to/due from balances at the fund level in the current year.

The decrease in restricted assets was related to the payment of a portion of past due interest in the current year.

The decrease in capital assets is related to current year depreciation.

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2022**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Financial Analysis of the District (Continued)

The following schedule provides a summary of the changes in net position of the District and is presented by category for comparison purposes.

Change In Net Position

	Governmental Activities	
	2022	2021
Program Revenues		
Charges for services	\$ 575,474	\$ 691,115
General Revenues		
Miscellaneous revenues	30,558	3,279
Investment earnings	3,732	1,126
Total Revenues	609,764	695,520
Expenses		
General government	429,670	486,381
Physical environment	386,444	460,494
Interest and other charges	1,534,640	5,640
Total Expenses	2,350,754	952,515
Change in Net Position	(1,740,990)	(256,995)
Net Position - Beginning of Year	16,911,343	17,168,338
Net Position - End of Year	\$ 15,170,353	\$ 16,911,343

The decrease in charges for services is related to a decrease in special assessments in the current year.

The decrease in general government is related to decreased supervisor and landscape expenses in the current year.

The decrease in physical environment expenses is related to decreased repair and maintenance expenses in the current year.

The increase in interest and other charges was related to the partial payment of past due interest in the current year.

For the Year Ended September 30, 2022**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Capital Assets Activity

The following schedule provides a summary of the District's capital assets as of September 30, 2022 and 2021.

	Governmental Activities	
	2022	2021
Land	\$ 27,014,798	\$ 27,014,798
Infrastructure	6,199,946	6,199,946
Accumulated depreciation	(5,402,352)	(5,064,705)
Total Capital Assets, net	\$ 27,812,392	\$ 28,150,039

In the current year, depreciation was \$337,647.

General Fund Budgetary Highlights

The actual expenditures were more than budgeted amounts primarily because legal fee expenditures were greater than anticipated.

The September 30, 2022 budget was amended for increased legal costs.

Debt Management

Governmental Activities debt includes the following:

- ◆ In November 2006, the District issued \$33,840,000 Series 2006A Capital Improvement Revenue Bonds. These Bonds were issued to refund the Bond Anticipation Notes, Series 2005 and pay certain costs associated with issuance of the Bonds. The balance outstanding at September 30, 2022 was \$13,900,000.

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on September 15, 2005, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, and was adopted as City of Clearwater Ordinance 7515-05, as a Community Development District. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries of the Clearwater Cay Community Development District. The District is governed by a five-member Board of Supervisors who are elected by the owners of property within the District. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the Clearwater Cay Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth by the Governmental Accounting Standards Board, the District has identified no component units.

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by special assessments and interest. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds

The District classifies fund balance according to Governmental Accounting Standards Board Statement 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of “available spendable resources”.

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

3. Basis of Presentation

a. Governmental Major Funds

General Fund – The General Fund is the District’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Basis of Presentation (Continued)

a. Governmental Major Funds (Continued)

Debt Service Funds – Accounts for debt service requirements to retire the special assessment bonds which were used to finance the construction of District infrastructure improvements.

Capital Projects Funds – Accounts for financial resources to be used in the acquisition and construction of infrastructure improvements within the boundaries of the District.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as land and improvements, and non-current governmental liabilities, such as general obligation bonds and due to developer be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Liabilities, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, and Net Position or Equity (Continued)

b. Restricted Net Position

Certain net position of the District is classified as restricted assets on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted assets, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

c. Capital Assets

Capital assets, which include land and infrastructure, are reported in the governmental activities column.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful lives of infrastructure range from 15 to 25 years.

d. Unamortized Bond Discounts

Bond discounts associated with the issuance of revenue bonds are amortized according to the straight-line method of accounting. For financial reporting, unamortized bond discounts are netted against the applicable long-term debt.

e. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

“Total fund balances” of the District’s governmental funds, \$1,178,531, differs from “Net Position” of governmental activities, \$15,170,353, reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the governmental fund balance sheet. The effect of the differences is illustrated below.

Capital related items

When capital assets (land, buildings and improvements and infrastructure that are to be used in governmental activities) are purchased or constructed, the cost of those assets is reported as expenditures in governmental funds. However, the Statement of Net Position included those capital assets among the assets of the District as a whole.

Land	\$ 27,014,798
Infrastructure	6,199,946
Accumulated depreciation	<u>(5,402,352)</u>
Total	<u><u>\$ 27,812,392</u></u>

Long-term debt transactions

Governmental Activities long-term liabilities are not due and payable in the current period and are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position. Balances at September 30, 2022 were:

Bonds payable	\$ (13,900,000)
Bond discount, net	<u>79,430</u>
Total	<u><u>\$ (13,820,570)</u></u>

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities

The “net change in fund balances” for government funds, \$(1,397,703), differs from the “change in net position” for governmental activities, \$(1,740,990), reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated as follows.

Capital related items

When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the Statement of Activities, the costs of those assets are capitalized and the cost is allocated over their estimated useful lives as depreciation. This is the current year capital outlay.

Accumulated depreciation	\$ <u>(337,647)</u>
--------------------------	---------------------

Long-term debt transactions

Bond discounts are amortized at the government-wide level as interest over the life of the bonds.

Bond discount amortization	\$ <u>(5,640)</u>
----------------------------	-------------------

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE C – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2022, the District's bank balance was \$224,602 and the carrying value was \$119,244. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

As of September 30, 2022, the District had the following investments and maturities:

Investment	Maturities	Fair Value
U S Bank Managed Money Market	N/A	\$ 1,200,483

The District categorizes its fair value measurements within the fair value hierarchy recently established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investment listed above is a Level 1 asset.

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE C – CASH AND INVESTMENTS (CONTINUED)

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District's investments in U S Bank Managed Money Market are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. The District's investment in U S Bank Managed Money Market was not rated.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The investments in U S Bank Managed Money Market are 100% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2022 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE D – CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2022 was as follows:

	Balance October 1, 2021	Additions	Deletions	Balance September 30, 2022
<u>Governmental activities:</u>				
Capital assets				
Land	\$ 27,014,798	\$ -	\$ -	\$ 27,014,798
Infrastructure	6,199,946	-	-	6,199,946
Accumulated depreciation	(5,064,705)	(337,647)	-	(5,402,352)
Total Capital Assets, Net	<u>\$ 28,150,039</u>	<u>\$ (337,647)</u>	<u>\$ -</u>	<u>\$ 27,812,392</u>

Depreciation of \$337,647 was charged to physical environment.

The infrastructure intended to serve the District has been estimated at a total cost of approximately \$57,950,000 and was to be funded by Developer contributions and bond issues. The infrastructure was partially completed as of March 20, 2008 and it was determined that the remaining portion could not be completed in an economical manner within a reasonable time period. In fiscal year 2015, the District exchanged unimproved land for the cancellation of debt. The land value was reduced \$2,115,000 in relation to the exchange.

NOTE E – LONG-TERM DEBT

Long-term debt is comprised of the following:

\$33,840,000 Series 2006A Capital Improvement Revenue Bonds, interest at 5.50%, maturing May 1, 2008 thru May 1, 2037, payable on May 1 and November 1; collateralized by the pledged revenues of special assessments levied against the benefited property owners.	\$ 13,900,000
Bond discount, net	<u>(79,430)</u>
Bonds payable, net	<u>\$ 13,820,570</u>

Summary of Significant Bonds Resolution Terms and Covenants

The Series 2006A Bonds are subject to redemption at the option of the District prior to their maturity, in whole or in part, on any Interest Payment Date on or after May 1, 2016 at the redemption price of the principal amount being redeemed, together with accrued interest to the date of redemption. The Series 2006A Bonds are subject to extraordinary mandatory redemption prior to the maturity in the manner determined by the Bond Registrar if certain occurred as outlined in the Trust Indenture.

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE E – LONG-TERM DEBT (CONTINUED)

Summary of Significant Bonds Resolution Terms and Covenants (Continued)

As a result of continued lack of funding, the District initiated foreclosure proceedings which were settled in a prior year. In June 2012, a Special Purpose Entity (SPE) was formed for the purpose of taking ownership of all foreclosed property for the benefit of the bondholders. On December 8, 2016, the SPE sold foreclosed property for \$6,450,000 and was voluntarily dissolved on February 1, 2017. On February 24, 2017, the District made a partial payment of delinquent interest of \$7,020,750. During fiscal year 2017, \$11,630,000 of Series 2006A Bonds were cancelled. During fiscal year 2022, the District made a partial payment of delinquent interest of \$1,529,000.

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment to debt service and to meet the reserve requirements. The District was not in compliance with the requirements at September 30, 2022. In addition, no required interest or principal has been paid by the Trustee from assessments collected since 2009 as the Bonds are in default. Because the District, the Bondholders and the Trustee have been unable to agree on the proper amount due on the Bonds, the application of amounts collected from assessments cannot be determined and accrued interest on the Bonds cannot be determined.

The schedule of principal and interest payments for the Series 2006A Bonds has not been included in the notes to financial statements as the yearly amounts due on the bonds has not been agreed upon by all parties.

NOTE F – CONTINGENT LIABILITIES, LITIGATION AND CLAIMS

U.S. Bank Trust Company, National Association vs Clearwater Cay Community Development District et. al.

The District and other parties are involved in a legal dispute with U.S. Bank Trust Company, National Association, a national banking association, in its capacity as Trustee pursuant to the Series 2006A Trust Indenture. Subsequent to year end, the Trustee has filed a breach-of-contract lawsuit against the District over allegedly unpaid real estate development bonds. The District has submitted a claim for insurance coverage for legal expenses. This lawsuit is ongoing and no outcome can be determined with any likelihood.

Grand Venezia COA. Inc. vs Clearwater Cay Community Development District et. al.

The District and other parties are involved in a legal dispute with a condominium association located within the District regarding the amount of debt assessments levied by the District. While the District must defend this action, the debt assessments are obligations that pass through to the property owners. The status of the case is post-judgment, with jurisdiction retained, and pending motions for validation of the 2019 assessments.

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE F – CONTINGENT LIABILITIES, LITIGATION AND CLAIMS (CONTINUED)

Vue at Bellaire Apartments

Vue at Bellaire Apartments, a District landowner, filed a lawsuit against the District regarding the amount of their operation and maintenance assessments and a request to withdraw from the District. The claim relates to future and past assessments and could evolve into a refund request which might involve an amount over \$500,000. During the current year, the District reached a settlement with Vue at Bellaire Apartments that allowed Vue to withdraw from the District and enter into a joint maintenance agreement for the maintenance of certain areas on Vue's property without expenditure to the District.

Trustee Contingent Liability

On February 21, 2020, the District received a letter from the Trustee claiming extraordinary legal fees and expenses in excess of \$184,532 with respect to the Bankruptcy filing by the District. As the Trustee has not provided invoices that relate to the \$184,532 and in addition, during the period October 1, 2019 to September 30, 2020 approximately \$273,336 of expenditures were paid from the Debt Service Fund by the Trustee and the Trustee did not provide documentation to support these expenditures either, the District cannot determine if the expenditures paid relate to the \$184,532 claim.

Unpaid Legal Fees

A law firm that represented the District filed a claim on September 23, 2019 for approximately \$110,000. The total amount was accrued by the District as of September 30, 2019. The District has not yet paid or settled the \$110,000 claim.

Revised Debt Assessment Validation

In September 2019, the District approved a revised debt assessment methodology that would lower the annual debt service assessments from approximately \$589,800 to approximately \$297,300. In November 2019, the District filed a motion with the county to validate and approve this debt assessment levy. The owner of the District's Bonds seeks to invalidate these debt assessments and also threatens to seek contractual damages from the District, and the potential damages are speculative. In March 2020, the Judge sent the debt assessment validation to non-binding arbitration. The non-binding arbitration order results were favorable for the District and were presented to the court. The Bondholders did not accept the arbitration recommendation and it is to go back to the Judge. It is not clear how the District will fund debt service payments with lower assessments if the Bondholders position is upheld. Potential damages are speculative, and the District intends to continue to defend these actions.

Clearwater Cay Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE G – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The District maintains commercial insurance coverage to mitigate the risk of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims from these risks have not exceeded commercial coverage over the past three years.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
Clearwater Cay Community Development District
Clearwater, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements, as listed in the table of contents, of Clearwater Cay Community Development District, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the basic financial statements and have issued our report thereon dated June 21, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered Clearwater Cay Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Clearwater Cay Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Clearwater Cay Community Development District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

To the Board of Supervisors
Clearwater Cay Community Development District

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Clearwater Cay Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Supervisors
Clearwater Cay Community Development District
Clearwater, Florida

Report on the Financial Statements

We have audited the financial statements of the Clearwater Cay Community Development District as of and for the year ended September 30, 2022, and have issued our report thereon dated June 21, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with AICPA Professionals Standards, AT-C Section 315 regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in that report, which is dated June 21, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been made to address findings and recommendations made in the preceding financial audit report. The following findings or recommendations were in the preceding financial audit report.

2019-01

Finding: The District is not in compliance with certain provisions of the Series 2006A bond indenture including levying and collecting assessments to provide debt service payments, maintaining adequate balances in the reserve account and making the semi-annual debt service payments.

Recommendation: The District should take the necessary steps to be in compliance with the bond indenture

To the Board of Supervisors
Clearwater Cay Community Development District

Management Response: The District initiated foreclosure proceedings several years ago and obtained the property with delinquent assessments. The property was sold and certain debt was retired and/or cancelled. The District followed the remedies outlined in the bond indenture for the collection and enforcement of District debt service assessments.

Current Status: The finding is still applicable in the current fiscal year.

2020-01

Finding: The actual expenditures in the General Fund exceeded the budget which is a violation of Section 189.016, Florida Statutes.

Response: Management will review spending to ensure that expenditures do not exceed appropriations in the future.

Current Status: The finding was not corrected in the current year.

Financial Condition

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not Clearwater Cay Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the Clearwater Cay Community Development District met one of the conditions described in Section 218.503(1), Florida Statutes

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial conditions assessment procedures as of September 30, 2022 for the Clearwater Cay Community Development District. It is management's responsibility to monitor the Clearwater Cay Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

To the Board of Supervisors
Clearwater Cay Community Development District

Specific Information

The information provided below was provided by management and has not been audited; therefore, we do not express an opinion or provide any assurance on the information.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Clearwater Cay Community Development District reported:

- 1) The total number of district employees compensated in the last pay period of the District's fiscal year: 0
- 2) The total number of independent contractors to whom nonemployee compensation was paid in the last month of the District's fiscal year: 0
- 3) All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency: \$4,400
- 4) All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency: \$140,150
- 5) Each construction project with a total cost of at least \$65,000 approved by the District that is scheduled to begin on or after October 1, 2021, together with the total expenditures for such project: The District did not have any construction projects.
- 6) A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the District amends a final adopted budget under Section 189.016(6), Florida Statutes: The budget was amended, see below.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)8, Rules of the Auditor General, the Clearwater Cay Community Development District reported:

- 1) The rate or rates of non-ad valorem special assessments imposed by the District: General Fund \$442 - \$56,475 and Debt Service Fund \$424 - \$ 140,895.
- 2) The amount of special assessments collected by or on behalf of the District: Total special assessments collected was \$575,474.
- 3) The total amount of outstanding bonds issued by the District and the terms of such bonds: Series 2006A Bonds, outstanding balance not available, maturing May 2037.

To the Board of Supervisors
Clearwater Cay Community Development District

	Original Budget	Actual	Variance with Original Budget Positive (Negative)

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we noted no such findings.

**INDEPENDENT ACCOUNTANTS' REPORT/COMPLIANCE
WITH SECTION 218.415, FLORIDA STATUTES**

To the Board of Supervisors
Clearwater Cay Community Development District
Clearwater, Florida

We have examined Clearwater Cay Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2022. Management is responsible for Clearwater Cay Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Clearwater Cay Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Clearwater Cay Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Clearwater Cay Community Development District's compliance with the specified requirements.

In our opinion, Clearwater Cay Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2022.
